NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

You may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body no later than December 31, 2016

Once restored:

- Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.

This notice must be:

- Posted continuously in a public place from January 1, 2012 until December 31, 2016 and
- Published in the 2011 through 2015 Annual Report

Read the full statute at [RSA 674:39-aa Restoration of Involuntarily Merged Lots.](#)

SUMMARY OF 2013 TOWN MEETING MINUTES

ARTICLE 1: Town officers were elected by ballot on March 12th, 2013. Moderator Haskins read the results of the March 12th, 2013 election.

ARTICLE 2: Voted by BALLOT to see if the Town of Hancock would vote in favor of Amendment Number One to the Hancock Zoning Ordinance as proposed by the Planning Board to substitute the term "Place of Religious Assembly" for the term "Church" wherever it appears in the ordinance and by stating that a "place of Religious Assembly" may be included in any Rural Learning Center of School. The Article **PASSED** YES – 363, NO – 130.

ARTICLE 3: Voted by BALLOT to see if the Town of Hancock would vote in favor of Amendment Number Two to the Hancock Zoning Ordinance as proposed by the Planning Board to amend provisions regulating the size, use, location and illumination of commercial or advertising signs and related matters. The Article **PASSED** YES – 346, NO – 115.

ARTICLE 4: Voted by BALLOT to see if the Town of Hancock would vote to raise and appropriate up to two hundred thousand dollars (\$200,000.00) for the purpose of upgrade to the treatment of the Hancock Water System and to authorize the issuance of not more than two hundred thousand dollars (\$200,000.00) of long term notes or bonds in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33). Payments to be made by the Water Department. The Article **PASSED** YES -100, NO – 0.

ARTICLE 5: Voted by VOICE vote to see if the Town of Hancock would vote to raise and appropriate one million nine hundred nineteen thousand eight hundred eighty dollars (\$1,919,880.00) which represents the operating budget inclusive of the Water Department operations. The Article **PASSED** unanimously.

ARTICLE 6: Voted by BALLOT vote to see if the Town of Hancock would vote to raise and appropriate up to seventy five thousand dollars (\$75,000.00) to replace the 2001 Ford F-550 and to authorize the issuance of not more than \$75,000 of long term notes or bonds. The Article **PASSED** YES – 104, NO -1.

ARTICLE 7: Voted by BALLOT vote to see if the Town of Hancock would vote to raise and appropriate eighty five thousand dollars (\$85,000.00) and to authorize the issuance of not more than \$85,000 of long term notes or bonds for the purpose of building a 1,400 square foot addition to the Transfer Station to provide the required storage needs of the facility. The Article **PASSED** YES – 97, NO – 7.

ARTICLE 8: Voted by VOICE vote to see if the Town of Hancock would vote to raise and appropriate a sum up to forty-five thousand dollars (\$45,000.00) for the purpose of replacing the existing oil fired furnace with a pellet fired boiler hopper and installing a high efficiency propane fired boiler as a backup to the pellet system in the Town Office Building. This article to be funded by the undesignated Fund Balance of 2012. The Article **PASSED** not unanimously.

ARTICLE 9: Voted by VOICE vote to see if the Town of Hancock would vote to raise and appropriate up to five thousand dollars (\$5,000.00) to be placed in the Meetinghouse Capital Reserve Fund (established in 2010). The Article **PASSED** unanimously.

ARTICLE 10: Voted by VOICE vote to see if the Town of Hancock would raise and appropriate up to five thousand dollars (\$5,000.00) to be placed in the Bridge Capital Reserve Fund (established in 2007). The Article **PASSED** unanimously.

ARTICLE 11: Voted by VOICE vote to see if the Town of Hancock would raise and appropriate a sum not to exceed sixteen thousand dollars (\$16,000.00) to become fully compliant with GASB 34. This Government Accounting Standard Board's (GASB) Statement established new financial reporting requirements to which all state and local governments' are subject to comply. The Article **PASSED** unanimously.

ARTICLE 12: Voted by VOICE vote to see if the Town of Hancock would raise and appropriate five thousand dollars (\$5,000.00) for the purpose of funding The Grapevine Family and Community Resource Center programs and services for the people of Antrim, Bennington, Francestown and Hancock. The Article **PASSED** unanimously.

ARTICLE 13: Voted by VOICE vote to see if the Town of Hancock would raise and appropriate up to seven hundred thirteen dollars (\$713.00) for the purpose of repairs to the tennis court and to authorize the withdrawal of this sum from the Hancock Tennis Court Special Revenue Fund. The Article **PASSED** unanimously.

ARTICLE 14: Voted by VOICE vote to see if the Town of Hancock would vote to raise and appropriate up to four thousand eight hundred dollars (\$4,800.00) for the purpose of resurfacing and repairing the tennis courts: \$1,070.00 to come from the Tennis Court Special Revenue Fund and \$3,730.00 to come from taxation. The Article **PASSED** unanimously.

ARTICLE 15: Voted by VOICE vote to see if the Town of Hancock would vote to raise and appropriate up to two hundred forty four dollars (\$244.00) for the purpose of purchasing baseball equipment and doing maintenance and repairs to the ball fields and to authorize the withdrawal of this sum from the Hancock Baseball Special Revenue Fund. The Article **PASSED** unanimously.

ARTICLE 16: Voted by VOICE vote to see if the Town of Hancock would vote to raise and appropriate up to two thousand eight hundred eighty four dollars (\$2,884.00) for the purpose of repairs and replacement of recreational facilities and to withdraw this sum from the Hancock Recreation Special Revenue Fund. The Article **PASSED** unanimously.

ARTICLE 17: Voted by VOICE vote to see if the Town of Hancock would vote to raise and appropriate up to three thousand five hundred thirty eight dollars (\$3,538.00) for the purpose of repairs and replacement of town highway equipment and to authorize the withdrawal of this sum from the Hancock Highway Special Revenue Fund. The Article **PASSED** unanimously.

ARTICLE 18: Voted by VOICE to see if the Town would vote to raise and appropriate up to three thousand three hundred seventy eight dollars (\$3,378.00) for the purpose of repairs and replacement of police equipment and to authorize the withdrawal of this sum from the Hancock Police Equipment Repair/Replacement Special Revenue Fund. The Article **PASSED** unanimously.

ARTICLE 19: Voted by VOICE vote to see if the Town of Hancock would authorize to raise and appropriate up to three thousand six hundred nine dollars (\$3,609.00) for the purpose of preservation and storage of the town's archival records and to authorize the withdrawal of this sum from the Hancock History special revenue Fund. The Article **PASSED** unanimously.

ARTICLE 20: Voted by VOICE vote to see if the Town of Hancock would authorize the Select Board to accept the reports of auditors and committees as printed in the Town Report. The Article **PASSED** unanimously.

ARTICLE 21: There being no further business, a motion to adjourn was made and seconded. The motion **PASSED** unanimously by VOICE vote. The meeting adjourned at 12.23 p.m.

REPORT OF THE SELECT BOARD

The year 2013 presented us with a critical challenge. Barbara Caverly was retiring at the end of the year and we needed to find a new Town Administrator. Not only did we need to find a person for this position, we needed to define the duties it involved. Barbara began 42 years ago as the part-time Selectman's Secretary. As the work became more complicated, she grew with the position which became full-time. Some years ago, the Selectboard at that time realized that she was the Town Administrator and appropriately renamed her position. There was no need to define the position, Barbara did what needed to be done and everything worked quite smoothly. Our first task was to come up with a list of duties and the requirements for the position. It was not a question of replacing Barbara, there is no way to replace the institutional experience and knowledge she had of the Town. We needed someone who understood the many needs of the position, was capable of managing the business of the Town and who would work well with the public. The Town Administrator is the primary contact person for the Town. We went through a lengthy hiring process and selected Diane Kendall. We think she will do very well in the position.

The year's tasks also included an addition at the Dump (i.e. Recycling Center). We added much needed storage space and were able to discontinue the use of the old trailers which had deteriorated to the point of being hazardous for the employees. The added storage space allows us to properly store the bales of material especially the aluminum cans. We can then either have larger shipments or find the best time for shipment, both to get the best pricing. There is also a new and definitely improved Swap Shop. The configuration of the building along with the location of the Swap Shop and demolition dumpster has somewhat improved the vehicular circulation at the facility. There is still some room for improvement in that area.

The Highway Department's smaller dump truck has been replaced. The new truck arrived just as the old one broke down again. This truck gets the most use of all of our highway equipment and having a reliable vehicle is very important.

We would like to welcome Officer Frank Shea to the Hancock Police Department. He has just completed the full-time course at the New Hampshire Police Academy where we understand he finished third in his class. Congratulations to Officer Frank Shea.

The installation of a pellet boiler at the Town Offices is complete. This will result in savings in fuel cost. Initially, we are budgeting a 20% reduction in fuel costs. This project is a continuation of the many energy saving programs that the Town has instituted. These projects have been very critical in helping to keep our budget costs down.

The Meetinghouse Restoration Committee has done an incredible job of putting that project together. The amount of work and the quality of the work done is nothing short of amazing. It is a totally volunteer and totally professional effort. It is a great tribute to the Town of Hancock that when problems present themselves, there is inevitably a group of citizens who will come forward and work towards a solution.

Throughout the year there are many committees and individuals who give their time to make our community a special place for ourselves and our families. We would like to thank them for their efforts.

The 2013 Town Report is dedicated to Barbara E. Caverly in honor of her over 43 years of excellence and dedicated service to the town.

A Hancock native, Barb has never been far from her roots. After finishing college, she returned to Hancock to live in 1963 while her husband Ralph was in Vietnam with the U.S. Air Force. Following her husband's service stint, the couple settled in Hancock. She began working for the town as town secretary in 1971 when her father asked her if she would be interested in the job. At that time the blotter books contained the names of all property owners in town and were entered yearly by hand and every tax bill was then manually calculated. Sometime around the mid-1980's, Barbara's job title became Administrative Assistant, and then in 2006 was changed to Town Administrator. Barb has always been one to 'go with the flow'- with good humor. When she first began, the Select Board met in the Meetinghouse small room. From there, they moved to what was the former high school on School Street. When it was decided to tear down the old high school to build a new one, the board moved to the Depot in the interim, before locating to their present offices in what was then the old elementary school on the Common.

Barbara said she really enjoyed working with the various Selectmen- 29 of them in all- because they were all so different. Some of the boards worked with little discussion among themselves while other had more diversification. Sometimes there would be a two-to-one vote, one way or the other, but they all got along.

Barbara eventually plans to relocate to North Carolina where two of her three daughters now live. She will be missed and her dedication to the town of Hancock and her outstanding work ethic will be her great legacy to the town. We wish her well in her future endeavors!

REPORT OF THE BUDGET ADVISORY COMMITTEE

TOWN WARRANT 2014

This year the Hancock Budget Advisory Committee thanks the Hancock Board of Selectmen and Town Department heads for their hard work and for recognizing the importance of meeting the town needs while keeping the overall budget as low as possible. We applaud the selectmen for their forward thinking in using this year's one time monetary refunds to pay for a new police cruiser, repairing the backhoe, improving the Lake Nubansuit boat landing and fireworks. Also, their foresight in using unassigned funds to pay down the cost of the Prospect Hill Property was well received by the HBSC.

At the time of this writing, the budget process is still ongoing. The public budget hearings have yet to take place for the Town Budget and the Meeting House renovation. Thus our opinions and suggestions may be dated by the time of the town meeting.

WARRANT ARTICLES AND OPERATING BUDGET

We take the following positions on the specific warrant articles proposed when this report was written.

Warrant Article #3 - Repair and Renovate the Hancock Meetinghouse

Amount to be raised \$985,000

There was much discussion around this article. It was clear from the discussion that the HBAC members support preservation of the town Meetinghouse, but given the size of the dollar request, have concerns about the overall cost of the project and its effect on taxpayers. It is clear that a funding request of this size deserves careful consideration and deliberation by all town residents.

The HBAC anticipates that the Meetinghouse Restoration Committee (MRC) will offer details at town meeting regarding sources of fundraising and grant opportunities, explain construction costing options, and detail the impact of their request on the tax rate so that voters may discuss, deliberate, and make a fully informed decision before voting on this warrant article.

The HBAC does not wish to offer an opinion on the merits of the warrant article at this time for two reasons. The MRC should be given every opportunity to present their plans to the voters of the town, without prejudgment from the HBAC, and there are enough unknowns at this time that the final specifics of the warrant article may change as town meeting arrives (fundraising, grant opportunities, revised budget estimations, etc.)

Warrant Article #4 - Operating Budget Request

Amount to be raised \$1,970,606

The HBAC unanimously supports this warrant article.

Warrant Article #5 - Retirement of long-term note for Prospect Hill Land purchase

The amount required to retire this note (\$146,803) will be obtained from the unassigned fund balance. The HBAC unanimously supports this warrant article.

REPORT OF THE BUDGET ADVISORY COMMITTEE - PAGE TWO

Warrant Article #6 - Purchase and outfit new police cruiser SUV and sell/trade-in existing 2009 Crown Victoria.

Amount required (\$35,000) will be obtained from the unassigned fund balance.

The HBAC unanimously supports this warrant article.

Warrant Article #7 - Appropriate \$30,000 to rebuild the 2003 New Holland LB-75 Backhoe.

Amount required (\$30,000) will be obtained from the unassigned fund balance.

The HBAC unanimously supports this warrant article.

Warrant Article #8 - Appropriate \$18,000 to repair boat landing at Lake Nubanusit.

Amount required (\$18,000) will be obtained from the unassigned fund balance.

The HBAC unanimously supports this article.

Warrant Article #9 - Appropriate \$2,500 to help fund the 4th of July fireworks.

Amount required (\$2,500) will be obtained from the unassigned fund balance.

The HBAC unanimously supports this warrant article.

Warrant Article #10 - Appropriate \$5,000 donation to The Grapevine Family & Community Resource Center.

The HBAC unanimously supports this warrant article.

Warrant Article #11 - Appropriate \$5,000 for the Meetinghouse Capital Reserve Fund.

The HBAC Position is: If Warrant Article #3 is approved, this Warrant is not needed.

If Warrant Article #3 is NOT approved, this Warrant should be passed.

Warrant Article #12 - Appropriate \$5,000 for the Bridge Capital Reserve Fund.

The HBAC unanimously supports this warrant article.

Warrant Articles #13, #14, #15, #16, #17, #18 and #19.

These articles do NOT affect the tax rate and the HBAC does not have a position regarding them.

Warrant Article #20 - Appropriates \$500 for the purpose of funding The Contoocook Valley Transportation Company programs and services.

The HBAC feels that it needs more information before offering a recommendation.

**TOWN WARRANT 2014
HANCOCK NH**

To the Inhabitants of the Town of Hancock, in the County of Hillsborough in said state qualified to vote in Town Affairs; You are hereby notified to meet at the **Hancock Town Office Building on March 11, 2014** at eight of the clock in the forenoon until seven of the clock in the afternoon to vote on ballot of Town Officers and all other matters requiring ballot vote; and, to meet at said **Hancock Fire Station** in said Hancock, on **Saturday, the fifteenth (15th) day of March 2014** at nine of the clock in the morning, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. Are you in favor of the Amendment 1 to the existing town Zoning Ordinance as proposed by the Planning Board, that is, an amendment to Article 8.5.2.9 relating to the jurisdiction of the Hancock Historic District Commission? If adopted, the Commission will cease to have jurisdiction relating to the removal of trees.
3. To see if the Town will vote to raise and appropriate up to nine hundred eighty-five thousand dollars (\$985,000) gross budget for the repair and renovation of the Hancock Meetinghouse and to authorize the expenditure of funds raised for this purpose through fundraising, grants and other sources and to authorize the issuance of not more than nine hundred eighty-five thousand (\$985,000) of long term notes or bonds in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), as amended; and, further, to authorize the Board of Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Board of Selectmen to take any other action or to pass any other vote relative thereto. Selectboard recommends. **2/3 BALLOT VOTE REQUIRED**
4. To see if the Town of Hancock will vote to raise and appropriate \$1,970,606. This represents the operating budget, inclusive of the Water Department operations. Said sum exclusive of all special or individual articles addressed. Selectboard recommends; the HBAC unanimously supports this warrant article.
5. To see if the town will vote to raise and appropriate \$146,803 for the purpose of retirement of the long-term note issued for Prospect Hill Land. This amount to be offset by unassigned fund balance and no amount to be raised by taxation. Selectboard recommends; the HBAC unanimously supports this warrant article.
6. To see if the Town of Hancock will vote to raise and appropriate up to thirty-five thousand dollars (\$35,000.00) to purchase and outfit a new police cruiser sport utility, and authorize the sale or trade-in of the existing 2009 Crown Victoria. This amount to be offset by unassigned fund balance and no amount to be raised by taxation. Selectboard supports; the HBAC unanimously supports this warrant article.

7. To see if the Town of Hancock will vote to raise and appropriate up to thirty thousand dollars (\$30,000) to rebuild the 2003 New Holland LB-75 Backhoe; or take any other action relating thereto. This amount to be offset by unassigned fund balance and no amount to be raised by taxation. Selectboard recommends; the HBAC unanimously supports this warrant article.
8. To see if the Town of Hancock will raise and appropriate up to eighteen thousand dollars (\$18,000) to repair the boat landing at Lake Nubanusit. Grant funding and specified donations may be used to offset the cost of the project; or take any other action related thereto. This amount to be offset by unassigned fund balance and no amount to be raised by taxation. Selectboard recommends; the HBAC unanimously supports this warrant article.
9. To see if the Town of Hancock will vote to raise and appropriate up to twenty-five hundred dollars (\$2,500.00) for the purpose for funding a fireworks display on or about July 4th, 2014. This amount to be offset by unassigned fund balance and no amount to be raised by taxation. Selectboard recommends; the HBAC unanimously supports this warrant article.
10. To see if the Town of Hancock will vote to raise and appropriate the sum of five thousand dollars (\$5,000) for the purpose of funding The Grapevine Family & Community Resource Center programs and services for the people of Antrim, Hancock, Bennington and Frankestown. This amount represents the Town of Hancock's portion of the funds needed to support The Grapevine, a nonprofit service organization; or take any other action relating thereto. Selectboard recommends; the HBAC unanimously supports this warrant article.
11. To see if the Town of Hancock will vote to raise and appropriate the amount of five thousand dollars (\$5,000.00) to be placed in the Meetinghouse Capital Reserve Fund (established in 2010). Selectboard recommends.
12. To see if the Town of Hancock will vote to raise and appropriate five thousand dollars (\$5,000.00) to be placed in the Bridge Capital Reserve Fund established in 2007. Selectboard recommends; the HBAC unanimously supports this warrant article.
13. To see if the Town of Hancock will vote to raise and appropriate up to \$ 906.00 for the purpose of purchasing baseball equipment and doing maintenance and repairs to the ball fields; and to authorize the withdrawal of this sum from the Hancock Baseball Special Revenue Fund established for this purpose at the 1997 town meeting to fund this appropriation. Selectboard recommends.
14. To see if the Town of Hancock will vote to raise and appropriate up to \$ 3,106.00 for the purpose of repairs and replacement of recreational facilities; and to authorize the withdrawal of this sum from the Hancock Recreation Special Revenue Fund

established for this purpose at the 1993 town meeting to fund this appropriation.
Selectboard recommends.

15. To see if the Town of Hancock will vote to raise and appropriate up to \$ 3,329.00 for the purpose of repairs and replacement of town highway equipment; and to authorize the withdrawal of this sum from the Hancock Highway Special Revenue Fund established for this purpose at the 1999 town meeting to fund this appropriation. Selectboard recommends.
16. To see if the Town of Hancock will vote to raise and appropriate up to \$ \$2,825.00 for the purpose of repairs and replacement of police equipment; and to authorize the withdrawal of this sum from the Hancock Police Equipment Repair/Replacement Special Revenue Fund established for this purpose at the 1993 town meeting to fund this appropriation. Selectboard recommends.
17. To see if the Town of Hancock will vote to raise and appropriate up to \$ 3,274.00 for the purpose of preservation and storage of the town's archival records; and to authorize the withdrawal of this sum from the Hancock History Special Revenue Fund established for this purpose at the 1993 town meeting to fund this appropriation. Selectboard recommends.
18. Shall we rescind the provisions of RSA 31:95-c to restrict revenues from user fees and donations to expenditures for the purpose of repairs to the tennis court? Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Tennis Court Special Revenue Fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue. (Majority ballot vote).
19. To see if the town of Hancock will urge: That the New Hampshire State Legislature join nearly 500 local municipalities and 16 other states, including all other New England state, in calling upon Congress to move forward a constitutional amendment that guarantees the right of our elected representatives and of the American people to safeguard fair elections through authority to regulate political spending, and clarifies that constitutional rights were established for people not corporations. That the New Hampshire Congressional delegation supports such a constitutional amendment. That the New Hampshire State Legislature supports such an amendment once it is approved by Congress and sent to the State for ratification. The record of the vote approving this article shall be transmitted by written notice to Hancock's congressional delegation, and to Hancock's state legislators, and to the President of the United States informing them of the instructions from their constituents by the Selectmen within 30 days of the vote. By Petition
20. To see if the Town of Hancock will vote to raise and appropriate the sum of five hundred dollars (\$500) for the purpose of funding The Contoocook Valley

Transportation Company programs and services for the people of greater Contoocook Valley area. This amount represents the Town of Hancock's portion of the funds needed to support Contoocook Valley Transportation Company, a nonprofit service organization; or take any other action relating thereto. By Petition

21. To see if the Town of Hancock will vote to authorize the Selectboard to accept the reports of auditors and committees as printed in the Town Report.

22. To transact any other business that may legally come before said meeting.

Given unto our hands and seal this 14 day of February in the year of Our Lord Two Thousand and Fourteen

John Jordan, Chair

 SELECT BOARD
James Mose, Selectperson

Erik Spitzbarth, Selectperson

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Hancock
Hancock, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Hancock as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 1-B to the financial statements, management has not recorded the capital assets and related accumulated depreciation in the governmental activities, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that capital assets, including infrastructure, be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities is not reasonably determinable.

As discussed in Note 15 to the financial statements, management has not recorded the long-term costs of retirement health care costs and obligations for other postemployment benefits in the governmental activities. Accounting principles generally accepted in the United States of America require that those costs be recorded, which would increase the liabilities, net position and expenses of the governmental activities. The amount by which this departure would affect the liabilities, net position, and expenses on the governmental activities is not readily determinable.

*Town of Hancock
Independent Auditor's Report*

Adverse Opinion

In our opinion, because of the significance of the matters described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the government-wide financial statements of the Town of Hancock, as of December 31, 2012, or the changes in financial position thereof for the year then ended.

Unmodified Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Hancock as of December 31, 2012, and the respective changes in financial position, and the respective budgetary comparison for the general fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Management has omitted a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Hancock's basic financial statements. The combining and individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

REPORT OF THE TOWN TAX COLLECTOR

Your property tax bill information is governed by the New Hampshire Right to Know Law, RSA Chapter 91-A. Property Tax information is considered a public record available to anyone upon request. Our town website presently has this information provided in the annual reports, however the information is scattered in several documents and does not contain the current tax rate and billing information. It is in this spirit that the NH Tax Kiosk is now available to our residents.

In January 2014 the Town of Hancock will be offering the residents the ability to view their property tax bill invoice online.

The Tax Kiosk provides your assessment as well as transaction details for refinancing, filing of taxes, sales and purchases of homes, etc. The kiosk can be accessed any time by going to www.nhtaxkiosk.com and clicking on the town of Hancock OR by clicking on the link available on our town website located on the tax collector's page.

The Tax Kiosk does the following:

1. Once an owner or parcel is selected, a list of all recent invoices is displayed, showing type of invoice, due date, bill amount, and outstanding due amount.
2. Internet users can change the Interest Date to determine the proper payment amount for future payments.
3. For any individual invoice, the Internet user can click the Transactions button to access additional information about the specific tax bill, including any transactions that have been made on that invoice such as payments, abatements, or penalties.
4. Taxpayers will have the ability to PRINT the information available on the Tax Kiosk for their records.

We are excited to provide this service to our community, making access to your public records available when it is convenient for you. You will no longer be restricted to Tax Collector hours on Monday and Wednesday.

The 2013 property tax rate set by the Department of Revenue was apportioned as follows:

Town	\$5.25
Local School	\$13.37
State School	\$2.43
<u>County</u>	<u>\$1.22</u>
Total Tax Rate	\$22.27 per \$1000.00 of assessed property value

The 2013 property tax rate represented an overall increase of \$1.47 per \$1000.00 of assessed property value.

Our town sends out bills semi-annually to generate the revenues needed to support our community. The first bill is typically due by July 1 and the second bill is due December 1 to cover the tax fiscal year of April 1 – March 31. The first property tax bill is an estimated bill based on the previous year's tax rate. The second bill generated is based on the new tax rate set by the Department of Revenue in the fall. This new rate is applied to the current assessed value of your property as of April 1st.

State law requires that tax bills be sent to the address of the last known property owner as recorded on the deed at the Hillsborough County Registry of Deeds. **If there is a change of ownership or mailing address, please notify our office of these changes.**

I would like everyone in town to feel free to call or e-mail me at any time with questions or concerns relative to the payment and collection of property, timber yield, current use change and excavation taxes. General information related to property taxes is posted on the town website for your convenience. I check phone and e-mail messages regularly during the week. Tax Collector hours are Monday and Wednesday at 11am – 1pm or by appointment.

Respectfully submitted, Rennie Timm

REPORT OF THE TRUSTEES OF TRUST FUNDS

In 2013 the trust funds for the town maintained their value along with the general market trends. The Common Funds may only expend accrued income whereas the Expendable Funds may distribute income and principal. The investment asset allocation for these two funds relate to the difference in how the funds perform. The Common Funds change in market value plus dividends and interest was 5%, reflecting a conservative asset allocation of approximately 40% equities and 60% bonds and cash. The Expendable Funds change in market value plus dividends and interest was 9%, reflecting an asset allocation of approximately 60% equities and 40% bonds and cash.

We segregated the Capital Reserve Funds as a separate account from the other two categories to comply with state guidelines. These funds must be kept in cash and earned .01% interest during the year. The portfolio has been managed by the Merrimack County Savings Bank in Concord during 2013. It is hoped that the conservative investment asset allocation for the funds will insure that two long standing goals will be met over time: the portfolio will rise or fall only a small percentage of the overall market change in any given year and the money ought to be there in a stable way for a long time to provide income for the beneficiaries of the trust funds.

The requests for distributions from the funds have been fairly consistent this year as in the past several years. The elementary school, library, cemeteries and fire department are the main beneficiaries of the trust funds year in and year out.

Hancock residents have been generous in the past by making bequests to the town for the benefit of the town and its residents. This year the trustees of trust funds voted to accept a new fund that will support the arts at the Hancock Elementary School in memory of Deborah Hancock, a long time teacher at the school.

Despite her untimely passing in early 2003, the late Hancock Elementary School teacher Deborah Hancock will continue to touch the lives of elementary school children in the town of Hancock. Her family has made a donation of nearly \$4000 to the Common Fund of the Hancock Trust Funds to support special programs in arts education.

Deborah Hancock began teaching at Hancock Elementary in the fall of 1987, when the school was housed in the building that now serves as the town offices. After her death in late February of 2003, her family established a memorial fund that provided scholarships for ConVal graduates entering the field of education. As her former husband Gary Schnackenberg wrote, "After giving out scholarships for several years, it became a decision whether to give out a couple more scholarships and call an end to it, or to do something else that might be more lasting with the remaining funds." After consulting as a family, and with HES staff and friends of Debbie, Marianne Adams and Katie Richardson, along with principal Noreen McAloon, they decided on the latter.

As many of her former students can attest, Debbie was a great believer in the power of experience in education. She believed in the power of arts and outdoor education for children's cognitive and social development. Because of these passions, the family has designated that the Deborah Hancock Fund be used to support artist-in-residence programs as they are available. "These programs tap into many of the things in which Debbie believed strongly," said Schnackenberg. "Artist residencies provide experiential learning, they get kids involved in developing the types of thinking that arts provide, and frequently get them outside the 'four walls' into the greatest learning environment that exists: the wider world. Supporting these types of programs are especially important in the current landscape of public education and policy emphasis on measurable outcomes such as test scores. Learning is far more cumulative, nuanced, and relationship-based than these measures usually capture."

The trustees would like to thank the Selectboard, the Town Office staff as well as the other boards, commissioners and town departments for the cooperative way that all decisions regarding these funds are reached every year. We especially want to wish Barbara Caverly a wonderful retirement after her many years of professional and helpful assistance to us and everyone else in town.

Leonard H. Dowse, Jr. Chair
David S. Huntington, Jr.
Paul W. Faber

REPORT OF THE CODE OFFICER

It was business as usual in 2013. Once again, there have been quite a few additions, several very impressive renovations, a new village business, and the construction of a beautiful barn/recreation building. 2014 promises to be a good year for housing starts; I know that there are at least two in the planning stages. Sheds and decks are always a way to make homes more livable, and I'm sure I'll see a number of those in 2014.

In past reports, I have tried to spotlight problem building code areas especially those involving safety. This year the subject is electrical wiring. The National Fire Protection Association code allows home owners to do their own wiring as long as they actually live in the building they are wiring. However, all electrical work must be permitted, pass an inspection, and the home owner doing the wiring **MAY NOT HAVE ANY HELP** unless the person helping is a licensed New Hampshire Master Electrician. That means that your friend, who knows a lot about wiring, or your son or your Uncle Bob may not help you unless they are licensed. They cannot even hand you tools. This code is in effect so that, in the event of a fire or other electrical disaster, the liability rests solely with the home owner.

Please take this caution to heart. In my 30 years on the Greenfield Fire Department and, during the time I have been your building inspector, I have seen very creative and potentially very dangerous electrical work.

As always, if you have a question, call me (582-6663). I may not be able to give you an immediate answer, but I have abundant resources, and I will get back to you ASAP. Please keep in mind that I work for you.

Once again, I'd like to thank Linda and Barbara for their help and the tradesmen who work in Hancock for making my job a pleasure.

Respectfully submitted,

Charles D. Stevenson

REPORT OF THE CONSERVATION COMMISSION

The conservation commission completed and/or continued several projects begun in 2013, including the reissue of the pamphlet *Great Hikes of Hancock*, which is available from the town office for \$1 per copy. The annual clean up of town roads was a success and will be held again in April 2014, date to be announced. Spare a grateful thought for all the volunteers who made it a success the next time you don't notice trash alongside our roads. Thanks also to Fiddleheads for donating prizes which were awarded to winners of several *Outstanding Piece of Trash* categories.

A speaker series was conceived in 2013 and will be implemented this year beginning February 26th with an inaugural lecture on the issue of invasive species by Amy Smagula of NH Department of Environmental Services. Lectures, which will be held at the library, will follow on March 26 (Matt Tarr on exotic plants and native wildlife), and April 30 (Henry Walters: Conservation through Observation). Thanks to Phil Brown for spearheading this.

You may have noticed birdhouses springing up on properties around town. Commission member Dave Westaway made 20 bluebird houses which were erected on town-owned property adjacent to Norway Pond, and we have received permission to erect several more along the edges of the town cemeteries, which offer good habitat. Thanks to Dave for his craftsmanship, and a special thanks to an anonymous member of the selectboard who paid for the lumber. You can figure it out! The commission also began restoration of the boardwalk that runs between the elementary school and Kepner Meadow, with assistance from Harry and Nina Pollock.

Conservation Easement monitoring is ongoing, now made easier by the purchase of new GPS units. It has never been simpler to monitor a property – just grab one of the Conservation Commissions new GPS units and follow the arrow. This brings me to membership – Marc DeBanico, Liz Hanson and Eric Masterson all retired from the Commission and new members are sought. Please let Diane at the town office know if you are interested.

Funding

The conservation commission voted to spend:

- \$500 to support the position of a Lake Host on Nubanusit. Operating under the aegis of New Hampshire Lakes Association, the lake host served to educate boaters about milfoil, an invasive weed that can be transported between lakes via recreational craft, and to inspect said craft for the weed prior to launch. Nubanusit is currently milfoil free. The host also served to educate anglers about the law pertaining to lead sinkers as it affects common loons.
- \$360 to continue annual monitoring of water quality at Norway Pond.
- \$250 to print 200 copies of the *Great Hikes of Hancock* brochure.
- \$210 annual dues to the New Hampshire Association of Conservation Commissions.

Town held Conservation Easements

Most of the town-held conservation easements were monitored during the year, with no violations noted.

Town owned Land

- Chris Streeter and Hunt Dowse mowed Kepner Meadow and Camp Guild on Norway Pond. Thanks to both for keeping our fields open and our views of Norway Pond unobstructed.

Eric Masterson for the Commission

REPORT OF THE HANCOCK CEMETERY TRUSTEES FOR 2013

There were a number of interesting events that took place during the past year. In early May, the Trustees, along with the Sexton, (known to most of us as Kurt) performed a thorough survey of the three cemeteries and noted there were quite a few headstones that were either broken or toppled over, especially in Pine Ridge Cemetery. At a subsequent meeting we invited John Kaufhold to come along with us and give us his opinion on what stones needed the most attention and an estimate on making the necessary repairs. The walk with John was most informative. He selected the stones and we asked him to take care of those repairs this year and the balance of the repairs over the next two years.

During our survey we also noticed some of the large pine trees at Pine Ridge Cemetery that run along Main Street were in bad shape and presented a clear danger to numerous headstones. We had three of the most threatening trees removed and will have additional trees removed as our budget allows.

During June, Kurt was contacted by Mabel LaChance about erosion at the Higgins plot in Norway Plain Cemetery. With the approval of the Higgins family and through the efforts of Mabel and others, private funds were raised to build a retaining wall and re-grade the area. Dan Jarest did an excellent job and the site is vastly improved and looks great. Hats off to all those who contributed to this worthwhile project. Pat would be pleased.

We continue to make plans for the implementation of the Amidon Annex to Hillside Cemetery. However, since this major project will require some degree of town funding, we decided that the timing was not right and we would wait another year before coming to the town with a warrant article. We will continue to refine our plans and our costs in the interim.

The activity in the cemeteries during 2013 was fairly minimal. There were 4 cremation burials and 1 full burial. We also sold 2 full burial plots in Hillside Cemetery and 2 cremation plots in Norway Plain Cemetery.

One last note. For the first time in many years we've decided to increase our fees for burials beginning in 2014. Our fee for an interment has been \$500 and that will increase to \$750. The fee for a cremation burial has been \$200 and that will be increasing to \$300. The cost of purchasing a full burial plot or for a cremation burial plot remain the same.

Respectfully submitted,

Cemetery Trustees
John Hayes, Chair
Sandra Weston
Ken Chester

REPORT OF THE HANCOCK ARCHIVES COMMITTEE

In 2013, the Archives Committee sorted records, planned for ways to make more room in the Archives Room, and managed the cleaning and restoration of the John Hancock Grange curtain.

Located on the second floor of the Hancock Town Office building, the Archives Room is running out of storage space. As a first step to carve out more shelf space, Barbara Caverly brought a copy of the New Hampshire schedule for records retention, and a quick survey revealed that many of our records are well past the mandatory retention date and can be shredded. The Committee agreed that some of these documents should be considered for permanent archival storage because of their historic significance to the Town of Hancock. Most records, however, are generated by the town as part of its routine administrative activities and aren't historically significant. Barb and volunteers will carry out this work in 2014.

For Town Meeting last year, the Archives Committee created a simple display of various Town records and objects, ranging from deeds and reports to brass beach locker tags.

In August, the Committee arranged to have the John Hancock Grange curtain restored by M.J. Davis of Curtains Without Borders of Vermont. In 2006, under the management of Christine Hadsel, Davis conserved the Town's historic painted theatre curtain featuring a scene of Norway Pond and the Meetinghouse. That curtain now hangs in the Archives Room in the Town Office Building.

The 2013 grange curtain restoration cost \$750 and was shared between the Town of Hancock and the NH State Grange. Following the curtain's stabilization and restoration, it was transported to Manchester where it was displayed at the National Grange Convention, held in NH for the first time in 30 years. The curtain is now safely back in the Archives Room.

In 2013 the Archives Committee regretfully accepted the resignations of John Hayes and Cynthia Amidon. Karen Dudra was appointed Chair.

Respectfully submitted,

Karen Dudra

Eric Aldrich
Barbara Caverly
Marie Fogg
Howard Mansfield

Two members of the Rochester Grange pose in front of the John Hancock Grange curtain at the National Grange Convention in Manchester. The restored curtain is circa 1906 when the John Hancock Grange was incorporated.

REPORT OF THE HANCOCK DUMP COMMITTEE

2013 brought many important and beneficial changes to both the physical plant and operation of our Transfer Station and Recycling Center. Not much changed with the trash compactor station, but from there on, nearly everything has changed for the better. Our Recycling Center has become pretty much a self help operation. We no longer separate newsprint from mixed paper which decreased our income slightly but improves efficiency. We have added recycling of #3 - #7 plastic which adds little to our income but removed almost 2½ tons of material from the compactor stream.

Construction of a much needed addition to our building has greatly improved our efficiency, safety, and physical appearance. All of our recycled materials can now be stored inside until they are shipped. The Swap Shop now has an inside space all its own and the intrepid volunteers who man it no longer have to contend with the mud, snow and bugs outside.

The ugly shed and lean-to (old swap shop) are gone as is the unsafe glass pit. The demolition dumpster has been moved closer to the Recycling Building and most of the old storage trailers are gone, leaving us with a much cleaner and neater facility. The parking situation is sometimes problematic but with some peer review this can be improved. We now have a much improved appearing facility that is more useable as well. And, it appears that our performance has improved over the last year .

The Hancock recycling center handled just about 637 tons of solid waste and recyclables over the year, an increase of almost 45 tons over last year. Over 292 tons of material were recycled which brought an income of nearly \$24,000. This offsets the just over \$39,000 cost of disposing of about 345 tons of trash and represents an overall recycling rate of 45.87%, very close if not a record rate for our facility.

We thank the employees who make our facility the neat, clean and friendly place to use that it is and the loyal volunteers who make the Swap Shop work. Thanks also to the Selectboard, Town office staff and DPW people for their help and support. And mostly, thanks to our customers who through your interest and cooperation make our facility the efficient and cost effective place it is.

Respectfully Submitted,

Hancock Dump Committee

George Salazar
Kurt Grassett, DPW Director
Karlene Embler
Clay Sherman
John Jordan, Selectman

REPORT OF THE DIRECTOR OF PUBLIC WORKS

The Hancock Public Works Department is charged with maintaining the critical infrastructure that keeps the Town of Hancock operating. We maintain about 50 miles of road, 12 bridges, three cemeteries, eight buildings and all the common land. We also operate and maintain the public water system that serves about 200 homes in and around the center of town and the town transfer station (AKA the dump). We are able to accomplish this with a talented and dedicated crew, support from you, the taxpayer, and assistance from outside vendors. We have always strived to take a proactive approach to maintaining our assets. We think our dollars are better spent performing routine and preventive maintenance as opposed to waiting until failure in any component or system. Starting in September and October we begin to look ahead to see what our needs will be in the coming year. We also try to predict approximately 5 years out so that we are able to concentrate our efforts in the most efficient manner and avoid surprises that affect us all.

2013 was a relatively quiet year for us, which allowed us to focus on preventative and routine maintenance. The first part of the year Mother Nature was relatively kind to us, giving us a total of nine storms between January 1st and April 1st. The most significant event came February 8th and 9th when we had about 24 inches of snow. Believe it or not that storm was a federally declared disaster. Those of us that have spent a significant amount of time in New Hampshire looked at it as a good old-fashioned snowstorm. The second half of the winter was not quite so kind. Just before Thanksgiving we got the first snow event, and over the next five weeks we had nine more. Although none of these events have been blockbuster storms, the time and dollars spent can be hard on the budget as well as taxing on the crew. Fortunately we only get these patterns every few years, some parts of the country deal with this on a yearly basis.

By mid-April we were able to get the broom out and prepare the grader for spring cleanup and grading. If the weather cooperates, it takes approximately one week to sweep all of our paved roads and approximately 2 ½ weeks to grade all our gravel roads. Throw in some April showers and we usually spend most of April and a good chunk of May on spring cleanup and preparing our roads for summer travel.

Around May 1st the grass starts growing and the leaves are popping out. It takes approximately 32 hours a week to mow and trim all the grass on our commons, ball fields, and cemeteries. This cycle will continue until mid-September to early October. It does require our buildings and grounds person as well as assistance from a part-time person through the summer months.

As soon as the crew has our roads cleaned up and graded we begin our summer maintenance program. In 2013 this work included applying a chip seal to the upper portion of Old Dublin Road and Kings Highway, as well as Longview Road. We removed rocks from underneath Jaquith Road and Carriage Hill. We applied a shim coat of asphalt on a section of Kimball Road, a section of Antrim Road, Hosley Road, portions of School Street, Orchard Road and sections of Norway Hill Road and Sargent Camp Road.

Also during this time we apply about 2500 yards of ¾ inch crushed gravel to our gravel roads. This additional gravel replenishes the surface that is lost through normal wear and tear of traffic and winter plowing. In 2013, we applied crushed gravel to Bittersweet Lane, Cavender Road, Jaquith Road, Kimball Road, Longview Road and Shady Lane, and a portion of Willard Pond Road. This additional gravel allows us to maintain a smooth and well crowned driving surface. By maintaining this gravel surface we maximize the time between grading, which allows us to concentrate our efforts in other areas.

We also spent some time during the summer months screening the sand that we will use in the upcoming winter, as well as replacing culverts that have failed, or will fail, in the near future. We will clean all our catch basins, open up culvert inlet and outlet's that have become clogged with sediment, and we will do shoulder and ditch work on approximately 8 to 12 miles of road a year. During the late summer we will rent 2 roadside mowing machines and we will mow all 50 miles of road to help improve visibility and to minimize the amount of brush cutting that we must keep up with.

We usually complete our summer maintenance projects in mid-September and begin getting ready for the upcoming fall and winter. Around the first of October we begin grading all our gravel roads for the upcoming winter. We will also finish hauling the 2500 yards of sand that we made over the summer, go through our sanders and plow equipment to be sure it's ready for the upcoming winter and we also have all the cemeteries and common to clean up leaves and pine needles from.

Our winters can start any time after Halloween, even once before Halloween, but the typical winter doesn't usually start until after Thanksgiving. Once winter starts our concentration becomes winter road maintenance and equipment repair. If we have stretches of good weather we will cut and chip brush along our roadsides. We strive for 2 ½ to 5 miles per year, but that really does depend on how well Mother Nature treats us.

Funding of road maintenance continues to be a hotly debated topic. (This is where I get on my soapbox for a minute.) Road maintenance and bridge replacement funding comes from 2 sources. Local property tax and State/Federal fuel taxes. When calculating the budgets for highway repair I use the monies we receive from State/Federal fuel taxes first, the balance comes from local property taxes. There are distinct differences in how each one is determined. As we know, local property taxes are derived from the value of your property. State and local fuel taxes are assessed on each gallon of fuel purchased. To summarize, fuel taxes are based on what you use, property taxes are based on what you own. This is an important concept to differentiate between because there has been a lot of discussion on the fuel taxes at both the federal level and state level the last few years. Personally, I prefer to pay on what I use, not what I own. I think it is a much more equitable way to tax for services.

Over the last years we have seen a reduction of over \$20,000 in state and federal fuel tax revenue. In response to this we have stretched out our maintenance program and we have had to rely more and more on the local property tax to fund road and bridge maintenance. Because of

this we have had to eliminate the use of several of our repair strategies that are very cost effective over the long term but they are just too costly in the short term. The end result would be that our entire road network suffers because we cannot repair the roads as fast as they are deteriorating. This is a struggle that we continue to watch and refine, but (here goes the soapbox) we really do need to adjust the state and federal fuel tax upward, and index it to some standard so that we do not underfund ourselves and have the ability to get the biggest bang for the buck. (OK off the soapbox).

In 2013 we did complete the design work for the Old Dublin Road crossing, by the old mill pond. We have secured our wetlands permit and will be undertaking this project in the summer of 2014. We also began to look at our last red listed bridge, Longview Road Bridge. We will begin the preliminary design work in 2014 to help us determine the best replacement structure for this location. Both of these projects will be funded out of the bridge capital reserve fund.

Some of the other projects that the DPW office was involved with during the year included the addition to the transfer station, the design of the water department's new UV treatment process, and the plans for the renovation of the Meeting House. We contracted out the removal of the underground #2 heating tank at the Town Office and had a pellet boiler installed as the main source of heat at the Town Office. We also continued to work with a local landscape contractor to get our ball fields and commons on a fertilizing program. In 2013 we saw a dramatic improvement in the turf conditions of our public grounds. All of these projects happen because Hancock has always had, and continues to have, citizens that are willing to get involved and offer their time and expertise in making this town a great place to live and a great place to work.

The dedicated and knowledgeable staff at the public works department is a key component to making this all work. I'd like to personally thank them for their hard work and dedication to the Town of Hancock. I would also like to thank the town office staff, as well as the staff at the police and fire departments for their assistance throughout the year and the board of selectmen for their support and guidance, as well as the citizens of Hancock for their support throughout the year. And a special and **HUGE THANK YOU** to Barbara Caverly for her years of support, dedication and friendship. Barbara you have helped to make Hancock an extremely special place and I wish you many, many years of enjoyment as a retiree.

Respectfully submitted,

Kurtis J. Grassett

REPORT OF THE HANCOCK ENERGY TEAM (HEAT)

The Hancock Energy Advisory Team (HEAT) was established by the Board of Selectman in August 2007 and the committee's mission is to assist the town government and residents with opportunities to reduce energy use and find reasonable alternatives to fossil fuels in order to limit greenhouse gas emissions. Since 2007 HEAT has been involved in public education and preparing grant proposals that funded energy audits for municipal buildings, paid for energy efficient changes to those buildings based on those audits, and the installation of solar panels now on the transfer station, DPW garage and fire station. In 2013, the Team has been involved in the following activities:

- Reviewed/commented on the pellet boiler proposals and endorsed general installation of pellet boiler that was installed in the town hall last summer. The pellet boiler return on investment will be under 5 years and over time will save the town thousands of dollars in costlier fuel oil purchases and will avoid the potential environmental liabilities of having buried oil tanks.
- Participated in several residential solar hot water installations in nearby communities in region.
- Organized Old Home Day demonstrations ("Solar Smoothie") in conjunction with Grid-Be-Gone and hosted an Electric car demo built by some local "charged up" students.
- Held three fall energy related seminars as part of a Climate Change and Sustainable Energy Speakers Series Co-hosted with Harris Center. The first of the three featured Tom Wessels, discussing his recently reissued book *The Myth of Progress: Toward a Sustainable Future*.
- Completed revisions and major content additions to town (HEAT) website adding data on energy and heating fuel reduction charts over time, and continued to print sustainability tips in Hancock Happenings.
- Created charts showing the decline in energy use from 2010 to 2013 due to the photovoltaic panels on the town building. Since 2010, the panels have generated over 13,000 kWh of energy, enough to power 2.6 million light bulbs for 1 hour. The town "banks" solar collected energy during summer months that is applied by PSNH as a credit against the town's energy bills during winter months when energy use increases, saving the town hundreds of dollars every year.
- Supported SB 98 and related regulations involving "community solar gardens" and continue to evaluate the relevance for Hancock and possibility of community installations in town.

Respectfully Submitted On Behalf of HEAT by

Pierce Rigrod, HEAT Chair

HANCOCK HAPPENINGS – 2013 TOWN REPORT

Another year of growing has gone by for the Town of Hancock's newsletter – *Hancock Happenings*. The newsletter continues to be funded entirely by advertisers from Hancock and neighboring towns. The 2013 income was \$6,711.20 and the printing expense – the only expense – was \$5,192.00. The higher revenue for 2013 was due to two new 12-month advertisers. Print runs increased from 16 pages (January), to 20 pages (7 months) or 24 pages (4 months), according to the needs of the month. The number of printed copies fluctuated between 625 and 700 – the highest runs occurring from June to September. Another outlet for the newsletter was the Town website where the “living color” online version was uploaded no later than the next day after the print copy was emailed to the printer. The advertisers for each month were then posted on the website at no additional charge during 2013. *Hancock Happenings* may be downloaded here hancocknh.org/HanHap/hhnews.htm

We thank our advertisers who make *Hancock Happenings* “happen.” Their prompt participation and inventive ads contribute greatly to the *Happenings*' reading experience. Article contributors have provided some very interesting copy and graphics, and we welcomed two 8th grade cub reporters from Great Brook School who added their input for the Hancock community with their informative articles on GBS activities.

A great deal of credit for *Hancock Happenings* making it out of the computer in good form and on to the printer must go to former editor Nancy P. Adams who was of invaluable counsel, as well as wearing the other hats of deputy proofreader and article contributor. Her wise advice and keen eye were a goodly part of this monthly effort. And Nancy (mistakenly) thought she had retired.

And we would not be getting the print copies anywhere in Town in a timely fashion were it not for the diligence of Elinor Johnson and her team of newsletter distributors and monitors of the bins! The only time the bins would run out of copies was when the print run was exhausted. So, thank you Elinor Johnson, Pat Newcomb, Lynn Frank, Sandy Brooks, Edna Drasba and Nancy P. Adams!

Savron Graphics in Jaffrey has done a wonderful printing job! Savron's Rob Crowley was there, ready to accept our newsletter right at the time that CPI Printing in Peterborough had to close its doors in the spring. CPI's Bob Crowley was always courteous, cheerful and produced professional results. It is obvious that these qualities run in the family!

And lastly, as always, we are grateful to Eleanor Amidon for allowing us to use her unique drawing as newsletter masthead – her drawing gives *Hancock Happenings* its distinctive hometown flavor.

Respectfully submitted,
Nahida C. Sherman, Editor

REPORT OF THE HANCOCK FIRE DEPARTMENT

The members of the Fire Department responded to several serious fires and other incidents in 2013, but thankfully, they were primarily in other towns. We sent firefighters and apparatus to industrial fires at New England Forest Products in Greenfield, Monadnock Paper Mills in Bennington, and to a major propane leak at Rymes in Bennington. We also did Mutual Aid runs to Stoddard, Peterborough and Jaffrey in 2013.

I am glad to report that there were no serious fires in Hancock this year. We had our usual spate of chimney fires and fire alarm activations. We had to bust up an antique mantel in an old house on Old Dublin Road to get at a small fire in the wall, but the damage has been repaired. All in all, we responded to 168 calls, which is about normal for our department. Roughly half of those were medical calls – anything from heart attacks and drug overdoses to lift assists and accidental Lifeline activations. We dealt with one minor stabbing incident at the Police Station. Late in the year, we had two serious burn victims. The first was a young man who tried to start a bonfire with gasoline and wound up getting airlifted to a burn ward in Boston; the second was a three year old who spilled hot coffee on himself. Both subjects have healed up and returned home.

We encountered an average number of car crashes in town in 2013. Two people crashed motorcycles on our roads; their injuries were not too serious. A few young drivers found out that the dirt portion of Antrim Road is not a good place to speed, and slammed their cars (or their parent's cars) into trees on the road side. If you're keeping score, its Trees -2, Cars -0. Then there are the homicidal trees on the north end of town –trying to kill innocent drivers. We found a small car perched on a tree that had fallen onto Birch Road; the driver had no time to stop. David Selmer is the poor schmuck who gets the "I had a tree smash on top of my car as I was driving down Shady Lane" Award. Thankfully, nobody was hurt in these incidents.

Unlike many area fire departments, we are lucky to have a large number of active members, and more signing up each year. In 2013, we welcomed Siobhan Martin, Brett Martin (no relation), and Ian Ketchum as new members. Siobhan, along with Paul Towers, has taken an EMT class- we will now have about 13 or 14 EMTs on our roster; I can remember when we only had two. It is a pleasure to have so many members that are willing to give their time so generously to the community. I am grateful to the Assistant Chiefs, the three Captains, and our treasurer, secretary and president of the HFD association for all the work they do for our department.

Thanks again to the Police Department and the DPW for their help and cooperation. And I owe a special Thank You to Barb Caverly for her help over all these years in the Town Office. Enjoy your retirement, Barb! We look forward to working with Diane Kendall as she steps into that position.

Respectfully submitted,
Nevan Cassidy
HFD Chief

Per Chief Cassidy, this photo is of the Fire Department's old Handtub fire engine that was built by Stephen Thayer in Boston, circa 1808. It was never used in Hancock, but wound up in Dr. Briggs' barn and was donated to the Department by Eleanor Briggs. Hancock firefighters gave it a total restoration, and it has been on display in the front window since 1994. Every Old Home Day it's used in the parade, then put it back facing the opposite direction, just like Old Ironsides.

Photo courtesy of Roberta Cheviot

REPORT OF THE HANCOCK HISTORIC DISTRICT COMMISSION

The original Hancock Historic District Ordinance and the Hancock Historic District Commission (HHDC) were formed by Hancock voters in 1975. The HHDC oversees the District and works to see that the Historic District Ordinance requirements (Article 8 of the Hancock Zoning Ordinance) are carried out impartially and legally. The Commission's responsibility is to review applications for changes to the exterior of building(s) and property, structures or features on any property in the District.

In 2013, the Historic District Commission members have reviewed applications for changes to 12 properties in the district. To date, the Commission has required changes to several applications to comply with the Ordinance, provided historical perspectives on several applications, and ultimately approved all but one application in total. The Commission has worked diligently to follow the Ordinance in fair and consistent ways while also recognizing that a vital Historic District will have some changes over time. The Commission has also worked closely with the ZBA, Planning Board, Selectboard, and Building Inspector to coordinate appropriate Commission actions.

In addition, the Commission has met with several District property owners in an advisory capacity prior to application submissions and applicants have been encouraged to contact the Chair in advance for guidance concerning the process of submitting an application. Guidance is provided but all decisions on changes to properties are only made in a formal HHDC meeting. The Commission has also worked closely this year with the Planning Board to submit an Ordinance change to voters that will allow property owners to remove trees on their property without HHDC approval. The rationale for this is that the majority of trees giving the District its character are on town property and are not subject to the Ordinance. District property owners need the latitude to remove trees in a timely fashion when trees are diseased, dead &/ or pose a danger.

The current Chair took over leadership in April 2013 from David Drasba who served several years as the Chair during which the Commission developed consistent procedures for District Ordinance processes. Members of the Commission included 3 residents of the district, new and long time residents of Hancock, members with expertise in NH history, Hancock history, graphics, color, construction and architecture. All members have a deep appreciation for Hancock and have demonstrated committed willingness to serve on this busy Commission. Consideration for HHDC membership is open to any Hancock resident and members are appointed by the Selectboard.

In the coming year, the HHDC will be discussing amending the fee structure for applications, further reviewing the Ordinance, assuring that District residents have the necessary information and guidance to comply with Ordinance requirements, and improving the application process.

Deborah A Sampson - HHDC Chair

Members: Tim Lord Vice-Chair, Alternates - Mary Covington, John McWhorter, Don Klug Ruth Wilder, Secretary, Roberta Nylander for the PB, John Jordan for the Select Board

REPORT OF THE HANCOCK PLANNING BOARD

Due to the economic slowdown and curtailment of building activity, the Planning Board had another very slow year.

The Board processed two minor subdivision applications. It also held hearings relating to the pruning or removal of trees on scenic roads and a proposed amendment to the Historic District Ordinance. It also met with landowners and others to discuss preliminary planning proposals.

Throughout the year the Board met on several occasions to deal with administrative matters and to discuss proposed amendments to the Zoning Ordinance.

Erik Spitzbarth, *ex officio*
Roberta Nylander
Mark Stevens
Ellena Weston Zimmermann
Carolyn Boland, Alternate

REPORT OF THE HANCOCK COMMON COMMISSION

It was a quiet year for us on the Common Commission. The committee met four times during the year. A portion of the spring was geared around taking care of the town trees with help from John Nute our Hillsborough County Forester, and Dan Tremblay of Broad Oak. Each tree on Main Street was assessed, given pruning suggestions and further care suggestions. New trees were planted along RT 123 where trees from the previous planting had not survived. All in all, the trees and other plantings are looking great.

As in previous years the Women's Club has planted and cared for the window boxes and planter at the Post Office as well as the horse trough along flower Pot Rd. We thank them for their time and for helping us with this.

Respectfully submitted,

Alison Kerwin

REPORT OF THE HANCOCK LIBRARY BOARD OF TRUSTEES

The Year 2013 marks the end of a multi-year capital improvement program for the Hancock Library. Over the past three years the following projects have been completed: repainting the exterior of the building, replacing the shingle roof, repainting areas in the interior, improving the walkway from the back parking lot into the Daniels Room, and replacing the Daniels Room furnace. This fall, the carpet in the Daniels Room received a special cleaning that has allowed us to postpone a carpet replacement which had been scheduled for 2013.

The money for Library maintenance projects comes primarily from dividends and interest generated by a building improvement fund overseen by the Library Trustees. These funds were created by generous donations of Hancock residents for the maintenance of the Library building. This arrangement for building maintenance has worked well, allowing the library building to be kept in good repair with minimal impact on the town tax rate.

Funding of the operational costs of the library – books, heat, electricity, salaries, computers, etc.- are covered through a combination of sources including income from designated town trust funds, town budget appropriations, significant contributions from the Friends of the Hancock Town Library and donations from individuals. Over the past several years income from the town trust funds has decreased from \$20,000 annually to a projection of \$12,500 in 2014. The annual operating budget has not significantly increased for the past ten years, and reductions have been made in the book budget, magazine and newspaper subscriptions and other areas. Trustees feel that additional cuts would have a serious impact on the services townspeople have come to expect from the Library. Due to these financial realities, the Selectboard has increased the town appropriation to the library by \$2,000 in 2014.

We greatly appreciate the support of the Selectboard and the town. In addition, we thank the staff for their wonderful leadership and the many volunteers and Friends of the Library who make it possible to maintain the vibrant programming and welcoming atmosphere of Hancock's library.

Respectfully submitted,

Laurie Bryan
Mary Garland
Peter Ryner

REPORT OF THE HANCOCK LIBRARY DIRECTOR

*"A library is not a luxury but one of the necessities of life."
--Henry Ward Beecher*

2013 was another busy year at the Hancock Town Library. Have some fun looking at our stats!

1,913 used our 7 public computers. We do not currently track the number of people who access our wi-fi with their laptops. That would be difficult as the wi-fi is available 24/7 and many people access it during off-hours, sitting in their cars in the parking lot!

We have 1,615 patrons. Of those, 1,216 are adult residents of Hancock, 78 are non-residents, and 321 are students.

The library owns 21,092 materials: books for children and adults, movies in VHS (yes, they still circulate!) and DVD formats, audiobooks on CD and tape (we still have a few books in this format). In 2013, 928 items were added to the collection and 947 were deaccessioned.

7,473 copies of materials circulated 23,248 times over the course of 2013 with July being our busiest month. Adult fiction is the most popular type of material, circulating 5,257 times. DVDs (for the grown ups) were second, circulating 3,588 times. Periodicals circulated 538 times (we offer 37 different titles; the New Yorker circulates the most, Martha Stewart Living comes in second). Ebooks circulated 877 times and downloadable audiobooks circulated 371 times. 33 patrons used our free access to IndieFlix (purchased by the Friends of the Library in July 2013) to stream 145 movies for a total of 201 viewings from the comfort of their own homes.

Interlibrary loan was used extensively in 2013. Hancock Town Library patrons borrowed 866 items from other libraries across the state, other New England libraries, and even from the Library of Congress. We, in turn, loaned 260 items to libraries in New Hampshire.

17 different groups and individuals used the Daniels Room for meetings or programs in 2013. They met 160 times with 1,846 people attending, up from last year's number.

The library hosted 37 programs for adults which met 92 times with a total of 1,567 people attending. This does not include the hundreds of people who came to purchase books during our annual book sale in August.

The Children's Room was wonderfully busy this year. Kudos to Rennie Timm, our Children's Librarian, for hosting a whopping 170 programs for the children and young adults of Hancock this year! A brief sample of our programs include: monthly *Lego Club* during the school year, *Bedtime Stories*, *Music & Jammies* with Ken Sheldon, *Duct Tape Flower Bouquets for Mother's Day*, *Movies for Tweens & Teens*, and our new *Paws to Read* program where young readers read

REPORT OF THE HANCOCK LIBRARY DIRECTOR – PAGE TWO

to an adorable registered therapy dog. 2,700 children and teens participated in all of these programs and events. Special thanks, as always, to the Woman's Club for their support for our Summer Reading Program.

The Friends of the Hancock Town Library continues to be a major contributor to the well-being of our library. Because of their support we can offer many more programs for adults and children, more DVDs, more ebooks, audiobooks and streaming movies, and access to more databases like EBSCO and Ancestry.com. Special thanks to Nancy Daniels, Donna Geer, and Jane Richards-Jones for running another supremely successful book sale on Old Home Day.

As always, profound thanks to all who volunteer for the Hancock Town Library. From the trustees to those at the front desk to those who mend and cover books, create eye-catching posters, lug books up and down stairs for the book sale, help with technology needs, and do whatever odd job is at hand - we couldn't do it without you.

Finally, Peter Ryner, a trustee of the library for the past 6 years, will be going off the board in 2014. We thank him for his good humor, his financial and municipal expertise, and his unflagging support of the library.

Respectfully submitted,

Amy Markus
Library Director

REPORT OF THE MEETINGHOUSE RESTORATION COMMITTEE

In April the Selectboard appointed a committee to develop plans and budgets for restoration of the Meetinghouse. The committee, working in conjunction with representatives of the First Congregational Church of Hancock's Council, initiated planning based on the *"Historic Building Assessment With Preservation Guidelines"* completed in August 2011 by preservation consultants hired by the Town.

Since 1820, enduring community support has safeguarded the Meetinghouse's current well-preserved condition. However, there has not been a major restoration of the structure in more than 100 years. The slate roof, installed in the 1880's over earlier wood shingles, is still protecting the building. But in the winter of 2010-2011 a large amount of slate fell off the roof. This year, more replacement slates were required.

A consulting structural engineer was hired to inspect the building's supporting infrastructure. The analysis determined that reconstruction of the Meetinghouse's load-bearing supports in the crawlspace beneath the building is necessary to safeguard the building's future stability. After inspection by a licensed electrical consultant, it was determined that the electrical and alarm systems required updating. Additionally, considerable fuel savings would be realized with replacement of the two 40-year-old heating systems.

Architect David Drasba with Woody Huntington completed laser measurements of the building's support system, as well as the interior and exterior of the Meetinghouse. Utilizing the laser data, David Drasba then drew up measured architectural drawings. Included in the drawings were remedies for restoration of the supporting infrastructure in the crawlspace and roof, as well as improvements to the iron fire escape at the rear of the building.

The architectural drawings also detailed interior renovations for wheelchair accessible restrooms and improved handicapped access to the second floor Sanctuary with the installation of a lift which would replace the current stair chair. Also included were updates and improvements for handicapped access to the old town hall on the lower level which would restore the space back to its original purpose for town meetings and other events.

The 2011 preservation consultants' report contained numerous recommendations for top-to-bottom restorations including windows, chimneys, roof framing, clapboards, painting, and drainage. David Drasba created a *"Scope of Work and Estimated Project Cost"* and reviewed the anticipated costs with the Selectboard. Due to the extent of repairs and renovations, bank financing will be required, supplemented by grants and private fund raising. Subcommittees for fund raising and grant requests were formed and contacts with prospective donors began in September.

Also in September, after a series of interviews with several construction firms, MacMillin & Company of Keene was engaged as the construction manager to provide the final project budget with a Guaranteed Maximum Price.

Beginning in October, and extending in to January 2014, the Restoration Committee conducted several well-attended public information meetings to present plans and budgets for the Meetinghouse preservation. For these meetings, David Drasba created a comprehensive PowerPoint presentation depicting the restoration details. Comments and suggestions from attendees were then utilized to modify the plans in preparation for voting on the funding warrant article at Town Meeting in March 2014.

Finally, thanks to the volunteers assisting the committee throughout the year with grant development, fund raising, press relations, and photography. Also, a special thanks to Nahida Sherman for her diligence in keeping Hancock informed about the restoration project via the Town website and *"Hancock Happenings"*.

Respectfully submitted:

Gary Ryer, Chair
Hancock Meetinghouse Restoration Committee

All minutes, notices of meetings and hearings, Requests for Proposals and similar requests, board decisions, special reports, and other documents of the various boards, commissions, committees and trustees were posted online on the same business day as they were received. There were 215 Hancock Home Google Update emails sent during 2013 after close of the business day, notifying residents of any such information posted to the website on that particular day. Posted items may be retrieved usually from two locations:

hancocknh.org/Updates.htm

hancocknh.org/Town_Documents

Town governing documents – ordinances, Planning Board Applications and Inquiries, Zoning Board of Adjustment applications for Variances and Special Exceptions, various other applications and permit schedules, special documents and reports, and Policies, Regulations and Rules – maybe obtained at hancocknh.org/Reports/Select_Board.htm

The Webmaster posts any information received from the various committees, boards, commissions, trustees and Town departments who have a web presence. Once the information is posted, however, monitoring any section to keep it current continues to be the responsibility of each entity. The entities are listed at hancocknh.org/Committees.htm

There is one new committee web section: the Hancock Meetinghouse Restoration Committee was established to keep Hancock residents current on the Church restoration project. The Webmaster also worked extensively with the Hancock Energy Advisory Team (HEAT) to completely re-design the original HEAT website. Those two sites are accessed here:

hancocknh.org/Meetinghouse/HMRC.htm

hancocknh.org/HEAT/HEAT.htm

The website continues to provide unofficial online services to Hancock residents through postings on the Community Bulletin Board page, a *Hancock Happenings* advertisers' page, Classified Advertising, Hancock Commerce and a Virtual Swap Shop. These pages are accessed at hancocknh.org/#banners

Since the Town switched to the new web server (GoDaddy.com) at the end of 2012, there have been no disruptions and no downtime for the website or email service in 2013.

Respectfully submitted,
Nahida C. Sherman, Webmaster

REPORT OF THE HANCOCK WATER COMMISSIONERS

Water usage for 2013 was 20,283,300 gallons. Thanks go out to Kurt Grassett and Jeff Wright, our two water department operators, as well as the rest of Hancock DPW for keeping the water flowing in sometimes difficult situations. This year we had leaks on Main Street, Norway Hill Road and Bennington Road. Repair of these leaks involves working in some muddy, sloppy trenches. One gasket replacement job even required the removal and replacement of a portion of stone wall to ensure the safety of the crew.

New rules banning the use of lead went into effect January 1st, 2014 requiring us to replace all of our brass valves and repair fittings with lead free valves and fittings. Replacements will be either lead free brass or stainless steel.

The ultraviolet secondary disinfection project has moved through the stages of requests for qualifications, requests for proposals from contractors and cost estimates. The construction contract has been awarded to PRB Construction of Gilford. Passersby at the chlorinator will notice a large excavator and some tree removal work as ground breaking is set to begin soon. The plan is to have our new UV system up and running by year's end. Once this job has been completed the commissioners will be turning their attention to other system upgrades including replacement of aging gate valves and boosting water pressure in the Norway Hill-Antrim Road area.

Water quality monitoring continues uneventfully and shows contaminants occurring well below prescribed levels, if at all.

Respectfully submitted,

Sean Kerwin
Joel Chandler
Jeff Wilder
Water Commissioners

REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Board of Adjustment is authorized to hear applications in the areas of: Special Exceptions, as specified in the Hancock Zoning Ordinance, Variances and Appeals from Administrative Decisions.

In 2013, the following appeals were heard at a public hearing:

Special Exceptions Granted:

Gary & Judy Hertzler.....March 13th, 2013
Article 15.6.2 Accessory Dwelling

Variances Granted:

Philip Mathewson Companies for Linda Mathewson Trust.....February 13th, 2013
Article 10.4 Septic Setback

Gary & Judy Hertzler.....March 13th, 2013
Article 15.6.2. Accessory Dwelling –Section 15.6.2.5

Guenther Perner.....April 10th, 2013
Article 10.4 Septic Setback

Martin & Paula Rounds.....November 13th, 2013
Article 10.4 Septic Setback

Jeff Reder, Alt
Linda Renna

REPORT OF THE HANCOCK POLICE DEPARTMENT

The Police Department has gone through a few changes this year. We have updated our furniture in the police department. We purchased (new to us) desks to provide a more professional appearance and more workable space for our officers.

Again this year we went through staffing changes. Officer George Xenakis, who graduated from the full-time police academy in the fall of 2012, tendered his resignation in the early part of this year, after only 4 months out. He was offered and accepted a position with the Peterborough Police Department for a significant monetary increase. This is very concerning to me. I want the officers that we train to remain with this department for a significant time. I am working on gathering information to address this issue.

In April, Frank Shea was hired to fill the vacancy left by Xenakis. Officer Shea was a part-time officer for the past year and a half for the Greenfield Police Department and a Greenfield native. He attended the full-time police academy this fall and graduated 3rd in his class in December. I am very proud to have him as an officer and look forward to watching his career develop in the coming years.

Community policing continues to be one of our most important goals. We continue to build positive interactions with the community and our younger citizens. As we have done for a number of years now, we have opened up the police department for Halloween and gave out glow sticks and other goodies. We were visited by over 300 children and families. It is nice to hear parents say that their children wanted to come to the police department to trick or treat. These positive interactions with our citizens and children are paramount to the success of our community.

Many violent events have occurred this year in our country. From the Boston Marathon bombings to continual school and mall shootings, we find ourselves becoming more in tune with our surroundings and other people. Our police officers are no different. We take our positions within the community very seriously. We want all of our citizens to feel safe and secure. We visit our schools and we try to make our presence well known in and around the school. Our children are a precious commodity. We continue to develop and foster a strong relationship with the school and their staff.

This year has been very busy for us. We continue to be proactive with our motor vehicle enforcement and our residential patrols. We continue to have a strong presence on our back roads and have been very active with motor vehicle activity having over 1300 car stops. This type of enforcement has a direct correlation to the reduced complaints of speeding cars especially along Main Street. We have received far less complaints about speeding cars than past years. I believe that our technique of high visibility is working and this is evident by the reduction in crimes being reported. This trend does not seem to be the case in surrounding communities. It is inherently obvious to me that these proactive efforts are extremely effective.

We continue to develop strong networking with our neighboring police departments. These relationships assist all of us in sharing important information to assist in solving criminal activities. We have had some major investigations during the year. We were successful in the indictment of a man involving a sexual assault investigating. This subject fled our jurisdiction and is currently “on the run”. We were also successful in the indictment and conviction of a man who attacked another man with a weapon. The subject plead guilty to 2nd degree assault. We have had numerous other felony and misdemeanor investigations. Our strong traffic enforcement has led to the arrests of many suspected impaired drivers and has made our streets safer.

I have seen a significant drop in our parking issues on Main Street, surrounding areas, as well as other areas of town. We have had much success with our diligent efforts and have seen a significant change in the parking behaviors of drivers.

I would like to thank Barbara Caverly for all of her years of service to the town and being supportive of me and my department. I also want to welcome Diane Kendall as the new Town Administrator and look forward to working with her. The department heads and employees for the Town have come together and formed a valuable team. I want to thank them for their cooperation and helpfulness that they have shown throughout the entire year.

I am very proud of the officers here and thank them for all their hard work. I look forward to the coming year and continued support of the citizens of Hancock.

Respectfully submitted

Andrew M. Wood
Chief of Police

**ANNUAL REPORT OF HCS – HOME HEALTHCARE, HOSPICE & COMMUNITY
SERVICES TO THE TOWN OF HANCOCK
2013**

In 2013, Home Healthcare, Hospice and Community Services (HCS) continued to provide home care and community services to the residents of Hancock. The following information represents HCS's activities in your community over the past twelve months.

Service Report

Services Offered	Services Provided
Nursing	416 Visits
Physical Therapy.....	107 Visits
Occupational Therapy.....	32 Visits
Medical Social Work.....	50 Visits
Outreach.....	4 Visits
Home Health Aide.....	102 Visits
Chronic Care.....	504 Hours
Health Promotion Clinics.....	4 Clinics
Adult Day Services	1,292 Hours

Total Unduplicated Residents Served with home care services: 48

Hospice services, maternal and child health care and geriatric care management services are also available to residents. Town funding partially supports these services.

Financial Report

The actual cost of all services provided in 2013 with all funding sources is \$135,345.00. These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town.

For 2014, we recommend an appropriation of \$2,500.00 to continue to be available for home care services in Hancock.

Thank you for your consideration.

For information about services, residents may call (603)532-8353 or visit www.HCSservices.org.

Thank you for your support of home care services.

REPORT OF THE RECREATION COMMITTEE

The year 2013 was an eventful one for the Hancock Recreation committee. We were excited to add new members Scott and Emily Daniels and Donna Coty to the team. Their enthusiasm was in full force right from day one. Hancock can expect a lot of energy and new programs from the Rec Committee in 2014.

In February 2013 the committee sponsored the Hancock Winter Frolic which included many perennial favorites such as sled box races and broomball. The Frolic also featured Lego Mania, Story Time for the kids, Zumba, Movie night at the Library, and Game Night at the Vestry featuring Bingo and Texas Hold 'em. Sadly, the Chili and Chowda Cook-off only attracted only three entries, so the event will be scrapped from future Frolics. RIP Chili and Chowda Cook-off. The 2014 Frolic is being planned at the time of this writing and promises to be a great event with many special surprises.

Hancock Cal Ripken Youth Baseball enjoyed another great season at Moose Brook field. In March, so many people came out to help get the field ready for the new season – thank you to everyone for your time, sweat, energy, enthusiasm and lower back strains. Hancock fielded four youth baseball teams this year from T-Ball to Majors, with ages ranging from 5 years old to 12 years old. Baseball is a great game, and we are so proud to be able to introduce the game to the kids and teach the fundamentals, sportsmanship, and how to be part of a team. Winning would be great too, but we can't have it all now can we? There's always next year!

Summer Recreation camp was led again this year by Cindy Hixson – thank you Cindy! Even though attendance was down this year, the children that did attend this summer greatly enjoyed the camp. The low attendance is likely due to 'competition' from other towns, full day camps, and so many choices for children during the Summer months. The committee put out a survey this Fall to ask the townsfolk how the camp could change or improve its offerings. Ideas being discussed on the committee are flexible pricing schedules (pay for a week, rather than a full summer) and trying to organize field trips as part of the regular camp schedule. Stay tuned for updates!

Norway pond swim lessons and lifeguards were again led by Katie Cousins – thank you Katie! In addition to lifeguarding and providing swim lessons, Katie is a carpenter and was able to construct the new lifeguard stand you see down at the beach. This provides the lifeguards with better line of sight to the water to improve swimmer safety. Participation in our swim lessons was down this year, as well as overall attendance at the beach area. The committee also surveyed the townspeople about how we could improve the swim program and beach area. The biggest issue is the geese and the related droppings that they leave behind. Thanks to everyone who responded to the survey. The committee is dedicated to improving the quality and cleanliness of the beach area for next summer.

Hancock adult co-ed Softball kicked off in July this year at Moose Brook field. The infamous *Hancock Sledge Hammers* took the field most Friday nights through July and August and played until dark or until the mosquitoes became unbearable. In all, there were about 30 different players that attended one game or another. We hope to continue this tradition in the Summer of 2014.

In August, the committee sponsored several Old Home Day events, including the Junior Olympics and the 3 on 3 basketball tournament. The friends of Hancock Baseball also grilled up Sausages, peppers and onions. Thank you Steve Coty, Paul Faber, Matt Harris and Dan Harper! My grill still smells of sausages (6 months later) but it is a reminder of a great time, and a fundraiser for a great cause which was youth sports in our town.

A brand new feature this year were Tennis Lessons held at the newly re-surfaced courts at Moose Brook. Thank you to Kristen Harris for getting this great idea off the ground! Lessons were for kids and adults this year, and we hope to expand on this program in 2014.

We plan on having lots of new activities in 2014 so please check the Recreation page on the Hancock website as well as the Hancock Happenings for more information. If you have any questions about the Hancock Recreation Committee or feedback on any of the programs please contact us at Recreation@HancockNH.org.

REPORT OF THE WELFARE OFFICER

In New Hampshire, every town is required to have a welfare officer that is governed by state statute. The basic local welfare duty is described in RSA 165:1, I which says, "Whenever a person in any town is poor and unable to support him/her, he/she shall be relieved and maintained by the overseers of public welfare of such town, whether or not he/she has a residence there". This statement imposes substantial responsibilities. Administering local welfare is a challenging endeavor with applicants seeking financial help with things such as stopping an eviction, keeping the lights and heat on, putting food on the table and many other basic needs. The applicants are required to complete an application form and provide all necessary information needed to make a determination of eligibility that is consistent with the town's welfare guidelines. Local welfare decisions are made using this formula: Need minus Income/Available Assets equals Amount of assistance. Local guidelines contain a standard of need which is a calculation of what the municipality determines is the actual cost of the basic necessities of life. In this way the needy of the community are assisted according to the law and the welfare budget is prudently managed.

In 2013, \$12, 825 was expended for welfare on behalf of qualified applicants. This figure was up a bit from last year's total which is a reflection of the current economy. Continued unemployment and under employment along with increases in fuel and utility costs have contributed to hardships for residents. Twelve families received assistance in 2013. RSA 165:28 requires that a lien is placed on real estate owned by any applicant covering the amount of any general assistance received when the property is sold. As in past years, the majority of assistance went towards housing and fuel. To apply for help with utility and heating costs, you can call Southern New Hampshire Services at the Peterborough office at 924-2243. For information regarding what other state or local resources are available or to request an application for assistance, you may contact the Town Office.

The Grapevine in Antrim and the River Center in Peterborough offer community members the opportunity of applying for any of the Family Assistance Programs (Food Stamp Benefits, Cash Assistance, Child Care Assistance, and Medical Assistance including Healthy Kids and Medical Coverage for Pregnant Women, Medicare Buy-In) and NH Department of Health and Human Services. NH EASY allows Internet access to trained and certified people at both locations. They will submit completed applications electronically to the Keene District Office along with a faxed or mailed signature page from the applicant. By pre-certifying in Antrim or Peterborough, community members may not need to go to the Keene District Office, however some programs will still require an appointment to complete the application and eligibility process. For additional information you can call the Grapevine at 588-2620 or the River Center at 924-6800.

Another initiative led by United Ways of New Hampshire is 2-1-1 NH which is an easy to remember telephone number that connects callers, at no cost, to information about critical health and human services available in their community. Residents in NH can contact 2-1-1 NH toll-free by dialing 2-1-1. This information is also available on our town website by clicking on Emergency Management.

Helping Hands is an important resource for anyone in town who needs assistance, but may not qualify for welfare under the Hancock Welfare Guidelines. The fund expends monies to help

REPORT OF THE WELFARE OFFICER – PAGE 2

Hancock residents with food, rent, fuel oil, electricity, repairs, Christmas gifts, medication, and other expenses. Thank you to the Hancock Woman's Guild, the Hancock Woman's Club, and to all of the other very kind donors who have given so generously to the Hancock Helping Hands Fund during the year. I would also like to thank the Hancock Congregational Church for their "Mitten Tree" which provided mittens as well as gift certificates for many individuals which made their Holidays happier. I would also like to thank the Divine Mercy Parish for all of their work in providing Easter and Thanksgiving Baskets to less fortunate Hancock residents and to the Hancock Market for their help throughout the year. Their generosity helped to make holidays better for some of our less fortunate Hancock families. Our community continues to be a place of caring and compassion.

Respectfully submitted,

Linda Coughlan
Welfare Officer

REPORT OF THE HEALTH OFFICER

I would like to remind you of the town website under "Emergency Management" for which Jon Grosjean is the Director. Our Webmaster, Nahida has done a wonderful job compiling this website. On the website you will find many helpful and interesting topics such as "A Citizen's Guide to Best Practices of the 9-1-1 System", "Generator Safety", "211 New Hampshire", "Lyme Disease", and information on FEMA relative to preparing for emergencies. There is also information on the Medical Reserve Corps" who are always happy to get new volunteers. The Greater Monadnock Public Health Network (GMPHN) can also be found on the website. GMPHN is now using a free electronic messaging system called Nixle which allows direct communication with people who sign up to receive alerts via text message and/or email. The GMPHN started utilizing Nixle during Hurricane Irene to inform Monadnock residents about flood warnings in the region. They will also send alerts about other conditions in the area such as a tornado warning, public health emergency, shelters open during snow storms, etc.

Water testing kits can be requested at the DES website www.des.nh.gov. If you have difficulty working the website or don't have access to a computer, just stop by the office or give me a call and I would be happy to assist you.

Again, I would like to thank the Deputy Health Officer, Charlie Stevenson, for always being cheerfully responsive to any requests that are made of him. We are very fortunate to have his services.

Respectfully submitted,
Linda Coughlan, Health Officer
